### Hand-Written Critique Points

-be allowed to be in groups of 4 of any people when on tours  
less time in chairs, more time focusing on group work or challenge -  
more sleep time, just going to bed earlier, no problems waking up early  
though.activities. - better  
food. We had pasta twice -  
overall, I enjoyed it

I would prefer not waking up at 6 in the morning and going to be at midnight, then having to concentrate all day. Long breaks would be great. Also, when I go back to school I will have tons of homework to make-up. So, if a 3 day weekend could be used, that would be better. Otherwise this was a great experience and I learned a lot.

I loved my experience here. I thought this was a once in a lifetime thing and I am glad I was allowed to be a part of it. I hope in the future I can return in the

Constructive Criticism - Group activities shouldn't be allowed as much time as they were. That gap would give the upcoming campers the opportunity to sleep a little longer so they will be more focused during the day's activities.

I thought it was great. Maybe should have a little more free time.

I think we should have longer breaks because you guys give us a lot of things to do and we get tired. And I think we should be able to go to bed earlier.

It was a very fun weekend

I would like to do more stuff outside and more fun (ream?) building activities, canoeing? Rope course? Class room session back to back can get boring / tiring. Outside than inside would improve it.

Some of the speakers went on too much. Better time allocation needed.

FUN! Enlightening! Great Experience!

**From the Senior AIFCV Staff - We did make 2 mistakes mentioned above- A contributor wanted to do a free to us spaghetti supper and we accepted their offer. When we ordered the Friday night dinner, we didn't double check that 4-H menu to preclude the mistake that happened. Our 2nd error happend Saturday night because we did try and keep you up too late. We were trying too hard to get more of the Investment Challoenge completed. We apologize for both there errors and will strive to not let it happen again. We, however named you the "Inquistitive Class" because you all asked the instructor more questions than any other class, and we just let that happen. THAT'S why they went on so long.**
